

Pixel Paper - 800 x 600
Graph Paper for Screen Coordinates

Date:

Airplane move on mouse

airplane x = Input getmouseX
airplane y = Input getmouseY

Make sure Airplane can't get too low

If (airplane y > 300)

airplane y = 300

Cloud disappear whe airplane touche

if (Math.Abs(PlaneX - X) < 90
PlaneY - y) < 65

visible = false
respawn Timer = 0
return

car and Trea loops back
